Rick Nelson, String Along

String along that's all I am just your string along Someone that you just seem to bring along whenever you are all alone Need some company you always turn to me

String along that's all I do you're sorta string along You never seem to notice I'm alone I just want you to want me too How I hope and pray hat you'll need me someday [guitar] String along that's all I am...

Treat me wrong and maybe soon you'll lose your string along Someone may come and bring a love that's strong And wanna string along with me Find somebody who won't treat me like you do String along that's all I am just your string along
