

# Rico Bernasconi & Lotus, Keep Playing (feat. Flo

I'm looking for you  
Looking pretty  
Driving on my car cross the city  
But inside...  
Lay eyes  
Goes so fast  
...

Coz you're everything  
You are the only one makes my heart sing  
Coz you're everything  
You are the only one who I can come up with

You keep playing with my heart  
Keep saying' what your planning  
You keep playing with my heart  
I just Recognize you praying  
You keep playing with my heart  
Keep changing what you said,  
What you do, what you do?  
Baby I'm stick to you

Let love be my witness  
Its's a chemical assistance  
Living the true live  
Leave this fantasies  
There's only way  
You can try

Coz you're everything  
You are the only one makes my heart sing  
Coz you're everything  
You are the only one who I can come up with

You keep playing with my heart  
Keep saying' what your planning  
You keep playing with my heart  
I just Recognize you praying  
You keep playing with my heart  
Keep changing what you said,  
What you do, what you do?  
Baby I'm stick to you
