

Rihanna, Blessed

first in the morning
when i wake up
thank god for life
look in the mirror and say

bitch I;m the best /7x
wat too blessed /7x
/2x

no matter what you try
you could never be me, never
keep hating from the side
while we take this blodclat world wide
never had to pretend ten
dem five times 2 that's ten
never ever beg friend
if they no with me
me nuh worry about them
blind man can see it
so every day I repeat it
I say

first in the morning
when i wake up
thank god for life
look in the mirror and say

bitch I;m the best /7x
wat too blessed /7x
/2x
