## Rihanna, California King Bed

Chest to chest
Nose to nose
Palm to palm
We were always just that close
Wrist to wrist
Toe to toe
Lips that felt just like the inside of a rose
So how come when I reach out my fingers
It feels like more than distance between us

In this California king bed We're ten thousand miles apart I've been California wishing on these stars for your heart on me My California king

Eye to eye
Cheek to cheek
Side by side
You were sleeping next to me
Arm to arm
Dusk to dawn
With the curtains drawn
And a little last night on these sheets
So how come when I reach out my fingers
It seems like more than distance between us

In this California king bed We're ten thousand miles apart I've been California wishing on these stars for your heart on me My California king

Just when I felt like giving up on us You turn around and gave me one last touch That made everything feel better And even then my eyes got wetter So confused wanna ask you if you love me But I don't wanna seem so weak Maybe I've been California dreaming

In this California king bed We're ten thousand miles apart And California wishing on these stars for your heart on me My California king My California king

In this California king bed We're ten thousand miles apart I bet California wishing on these stars for your heart for me My California king
