

Rihanna, Happy

(Chorus)

Just as long as it makes you happy
If it makes you happy, just be happy
Just as long as it makes you happy
If it makes you happy, just be happy

(Verse 1)

It's like spending time with you
Just doing absolutely nothing
That makes me happy
When you're at work putting on your
T-shirt and I love it, absolutely love it

(Hook)

It's the smile of a child
It's your eyes, it's your hair
It's the touch of your skin,
That's what gets me there
It's also enticing
Waking up from a nice dream
To a beautiful morning with you by my side
That's nice

(Chorus)

Just as long as it makes you happy
If it makes you happy, just be happy
Just as long as it makes you happy
If it makes you happy, just be happy

(Verse 2)

It's like walking through the sprinklers
Smelling every flower one by one
Mmm, yeah, makes me happy, yeah

It's like telling me you love me, showing me you love me baby, my pretty baby

(Hook)

It's the smile of a child
It's your eyes, it's your hair
It's the touch of your skin,
That's what gets me there
It's also enticing
Waking up from a nice dream
To a beautiful morning with you by my side
That's nice

(Chorus)

Just as long as it makes you happy
If it makes you happy, just be happy
Just as long as it makes you happy
If it makes you happy, just be happy

(Verse 3)

It's like Saturday, ohh, four day weekend, ohh, Hiding and seeking with you
Like we do, it's beautiful

Ohh, ohh, ohh, ohhhhh

(Chorus)

Just as long as it makes you happy
If it makes you happy, just be happy
Just as long as it makes you happy
If it makes you happy, just be happy
