

# Rihanna, Last Time

Once was a time,  
You and I made a promise to the day we die,  
I trusted each and every word,  
Never thinking I get burned,  
Silly me, I believed in your fairy tales,  
Boy I thought that I knew you so very well,  
But you walked on my pride all the tears that I've cried,  
And it cuts like a knife

## Chorus

It's the last time,  
You're gonna kiss these lips,  
Or ever will deceive these eyes,  
Believe me when I tell you this,  
Baby boy it's the last time,  
I'm ever gonna cry these tears,  
I'm never gonna hear your lies,  
So listen while I make it clear,  
In case you didn't hear,  
This time's the last time,  
There's no time to give it one more try,  
There's only time to say goodbye

Fooled me once,  
Shame on you,  
Fooled me twice,  
Now the song is thru, the  
Things you said,  
I can never forget,  
The things you did,  
To my heart with regret  
But I'm still standing tall,  
as I walk away,  
And you know that it's true,  
when you hear me say,

It's over, it's thru, and nothing you can do,  
Boy sad,  
But it's true

## Chorus

Goodbye,  
No baby

Silly me, I believed in your fairy tales,  
But I thought that I knew you so very well,  
But you walked on my pride all the tears that I've cried,  
And it cuts like a knife

It's the last time,  
You're gonna kiss these lips,  
Or ever will deceive these eyes,  
Believe me when I tell you this,  
Baby boy it's the last time,  
I'm ever gonna cry these tears,  
I'm never gonna hear your lies,  
So listen while I make it clear,  
In case you didn't hear,  
This time's the last time,  
There's no time to give it one more try,  
It's over it's thru and nothing you can do,  
But wonder why it's only time to say goodbye

Baby goodbye,  
said i'm never gonna,  
Never gonna cry no more,  
Goodbye, goodbye
