

# Ring Of Fire, Machine

Wandering the deepest night  
Out of dreams and out of light  
Lost my reason why  
Close my eyes, don't want to see  
All that was no more will be  
I'm no longer me

If I had a machine  
That could change yesterday to tomorrow  
Then I could be free  
To undo all the pain and the sorrow

Drowning in a sea of doom  
Deep within my mental tomb  
Ending came too soon

If I had a machine  
That could change yesterday to tomorrow  
Then I could be free  
To undo all the pain and the sorrow

I'm no longer me...
