

# Ringside, Jackie

I don't think I'll ever get over this  
No limousine is gonna take you away  
I'm on my knees, babe  
Halfway to Heaven  
I can see his car in your driveway

Oh Jackie, you make it look so easy  
Tell me you're never gonna burn for this sometime  
And how come a woman can make a man so crazy  
'Cos I'm on fire tonight

Oh, you're gonna wake up  
And feel so much older  
Your sun drenched skin  
Is fading fast  
I'm alone when I look in the mirror  
But I see you in the glass

I know you'll be back in L.A. by tomorrow  
You'll break him as quick as you broke me  
Tonight I lay with the stars on Mullholland  
Jackie, don't cry for me
