Riot, Wings Of Fire

(Reale)

When the moon is black
Never turn your back
On the castle walls

The suite of armor shines
Through the ruins of time
I can hear them call

Mountain is burning
The seasons are turning
It's time now we planned our attack

A medieval call
That's right for us all
Now there is no turning back

A rise with the sun
Is fashionably done
Driving them into the sea

A medieval fall
A death to us all
We must win this one victory

Wings of fire
Take me higher
Burning your way through the night
Wings of fire
Take me higher
The battle is ragging in flight
You'll have victory on wings of fire

I horde invasions
The battle it rages
Long into the night

The warrior is falling
His destiny calling
His blood drained from his mortal life

The castles afire
Flames breathing higher
Buning a hole in the sky

His brother must fall
Freedom for all
Shouting out one victory call

Wings of fire
Take me higher
Burning your way through the night
Wings of fire
Take me higher
The battle is ragging in flight
You'll have victory on wings of fire

-Solo-

Wings of fire
Take me higher
Burning your way through the night
Wings of fire

Take me higher
The battle is ragging in flight

Wings of fire
Take me higher
Burning your way through the night
Wings of fire
Take me higher
The battle is ragging in flight
You'll have victory on wings of fire
