

# Rita Ora, Girl In The Mirror

You better sit down 'cause I've got a confession to make  
Held onto my angels by giving the devil a break  
I'm sorry I love you, it's just that I found someone better  
And she's someone I've always wanted for now and forever

I cheated on you in the best way  
With someone I've known my whole life  
And I hope that you can forgive me  
'Cause this just feels so right

When I see her staring back at me  
Yeah, we've got so much history  
I'm in love with the girl in the mirror, the mirror  
Yeah, we've got such a crazy past  
She always used to put me last  
I'm in love with the girl in the mirror, the mirror

I glow, oh oh, oh oh oh  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
In the mirror, the mirror, yeah

She used to tell me to hide all the cracks on my skin  
But you can't move forward without learning how to forgive  
I'm sorry I love you, it's just that she knows what I'm feeling  
Gone through therapy just to get this level of healing

I cheated on you in the best way  
With someone I've known my whole life  
And I hope that you can forgive me  
'Cause this just feels so right

When I see her staring back at me  
Yeah, we've got so much history  
I'm in love with the girl in the mirror, the mirror  
Yeah, we've got such a crazy past  
She always used to put me last  
I'm in love with the girl in the mirror, the mirror

I glow, oh oh, oh oh oh  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
In the mirror, the mirror, yeah  
Glow, oh oh, oh oh oh  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
In the mirror, the mirror, yeah

When I see her staring back at me  
Yeah, we've got so much history  
I'm in love with the girl in the mirror, the mirror  
Yeah

I glow, oh oh, oh oh oh  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
In the mirror, the mirror, yeah  
Glow, oh oh, oh oh oh  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
In the mirror, the mirror, yeah
