

# Rita Pax (Paulina Przybysz), HEY CHRISTMAS!

Here comes my Christmas song  
Let all the little babies  
One day grow old  
Leave all the white seals (wild white)  
Where they belong  
No furcoat this year  
For you miss Gold  
Under the christmas tree

Hey Christmas  
Hey Christmas  
Hey  
I have a business  
What about we spread our Love  
No reason, Just because

Here comes my Christmas Bell  
Santa please tell us  
There is no Hell  
After the struggle  
It wouldn't be fair  
To punish us once again  
Here comes my christmas tune  
All dead people  
See you soon  
I'm thinking of you  
While chewing my food  
In your old neighborhood

Hey Christmas  
Hey Christmas  
Hey  
I have a business  
What about we spread our Love  
No reason, Just because
