

Rita Pax (Paulina Przybysz), Widow

You travel a lot
Sometime I feel like a Widow
You say, that is just a job
But I'm dying

You travel a lot
Sometime I feel like a Widow

..
I'm dying

The loves so ...

...
She was in japan
And I know she was
He sent a letter that he never saw

..

And it's not what they say
I respect that
I know I shouldn't complain
Honestly, I don't believe

..
Something missing you
Far away

Supposed to be unexpected
Nothing
If you are far away instead of stay away
You said, that is just a job
But I'm dying

You travel a lot
Sometime I feel like a Widow
I know it's nothing to...
I'm dying!

You should be here!
You should be here!
