

Rita Redshoes, Blue Bird On A Sunny Day

Oh blue bird
Take me away to your house
Sing me your song
Leave my cold heart around
Someday I will
Love you somehow

But tomorrow never comes
I'm still holding my cold heart
In your hands
Or in your wings

Oh blue boy
Just give me the keys to your
Warm bed
I will marry you
Forever I'll stand

But tomorrow never comes
I'm still holding my cold heart
In your hands
Or in your wings

Do you know waking up
Find a look like this from ya
I learn how to try
And I can never ever find you in my mind
I am not that kind

Oh blue bird
Take me away to your
I don't want time in a sunny day
