

RITUALZ, MISERY WALK

Verse: Sample]

Yeah, I throw up, I just

I always thought it would be kind of fun to be one of those like

People with pink nails and stuff

'Cus, you can't sit down in the corner at a party

And just relax and listen to music in the bathroom

You know I'm doin' it?

You know what I mean?

It's, it would just be really relaxing

You know what just, to be able to kinda do whatever I want

Bleeding walls and half a second

You know?

Just to be able to accept, you know?

I've been teased several time and, and, I just

Thought to myself: "Male's decision?"

Whatever, gallon's decision

Something

They think I'm wearing this?

Go ahead, you're not the ones who aren't going to be judging me."

You just want me to go hell instead of heaven?

God is just a memory

Doesn't matter what you think
