

# Riverside, I Turned You Down

I turned you down so hastily  
And it's tearing me apart  
In my heart of hearts I'm screaming  
In my heart of hearts I cry  
And it's cold  
So cold

I turned you down  
Oh, I turned you down so thoughtlessly  
And it's tearing me apart  
In my heart of hearts I'm screaming  
In my heart of hearts I cry  
How I wish you told me that

I wish you'd told me that before  
I wish you'd told me that before  
I wish you'd told me that before

I turned you down
