

Riverside, We Got Used To Us

When I scroll back through our recent days
I try to understand
How we could forget
We made a promise to one another
That nothing would ever break what we had
Now we never talk when we fall apart
We never talk when we fall apart
We pretend we're ok
Surrounding ourselves with one-way friendships
And so-called friends

I know we got used to new us
And I don't want to be there
I don't want to be there
Where we are
I know we got used to new life
And I don't want to be there
No, I don't want to be there
Where we are

Silence fallen between
All the doors are locked
All the words unsaid
And we're still afraid of time
Started to keep ourselves
At a distance that we could control
Not too close
Not too far
Now we never talk when we fall apart
We just never talk when we fall apart
We pretend we're ok
By filling up our inner space
With little hates
And so-called love

I know we got used to new us
And I don't want to be there
I don't want to be there
Where we are
I know we got used to new life
And I don't want to be there
No, I don't want to be there
Where we are

So walk away with me
