

# Rj Helton, Tell Me

Tell me if you want me to go.  
Uh huh  
And I'll be on

I'll be on my way  
Tell me baby  
Tell me if you want me to go  
To go  
And I'll be on my way.  
Said I'll be on my way

Can you tell me

Tell me now

Maybe there is there is a way we can work it out

You say I'm wrong I say I'm right  
All That I know is I don't want to fight  
No no

Can you tell me

Tell me now  
I know that I lied to you and gave ya gave ya the hardest time  
But knowing that I am good and able

Able to make it right let's get it straight  
Before the day turns night

Tell me if you want me to go  
Girl I'll be on my way  
Tell me baby  
Tell me if you want me to go  
To go  
And I'll be on my way

Please tell me

Just one more time  
I gotta know how to go bout getting back into your life  
And who knows if time don't find us able

Able to make it right  
Let's get it straight before we say goodbye

Tell me if you want me to go  
Girl I'll be on my way  
Tell me baby  
Tell me if you want me to go  
To go  
And I'll be on my way

Tell me why  
Tell me  
The vision of love we shared  
We shared  
The future we hoped was there  
No no  
We can no longer fine

And why  
When something falls apart  
Try to convince your heart its not over

Its not over

Oh

Tell me if you want me to go  
And I'll be on

I'll be on my way baby  
Tell me if you want me to go  
To go

Said I'll be on my way  
Said I'll be on my way  
Said I'll be on my way
