

# RNG, Are U Ready

Are you ready  
Are you ready  
Are you ready  
Ready to dance all night  
If you're ready  
Been a long time for us but now we're back again  
Only time will tell standing to the very end  
Been through ups and downs  
But we're still around  
There's no stopping on our way  
It doesn't matter what they say  
Are you ready  
Ready to dance all night  
Are you ready  
Just take your chance tonight  
Are you ready  
Ready to dance all night  
If you're ready  
We'll make you dance the night away  
Are you ready  
Yeah yeah yeah yeah  
Giving all we've got  
So you can get what you want  
Everybody groove along  
So we can get it on (get it on)  
Been through ups and downs  
But we're still around  
There's no stopping on our way  
It doesn't matter what they say  
Are you ready  
Ready to dance all night  
Are you ready  
Just take your chance tonight  
Are you ready  
Ready to dance all night  
If you're ready  
We'll make you dance the night away  
Yeah, cmon  
Uh, what  
Uh, yo  
Don't stop, yeah  
Check it, cmon  
Uh, there it goes  
Ey, now pay attention for a sec  
Once again, you begin in full effect  
Yeah, I know that you all be wondering  
If RnG still be thundering  
We might be small or extra large  
All I know is that we'll be always hitting the charts  
Been away for a while, long until now  
Kick styles, no fuss, I got the style  
Been through ups and downs  
But we're still around  
There's no stopping on our way  
It doesn't matter what they say  
Are you ready  
Ready to dance all night  
Are you ready  
Just take your chance tonight  
Are you ready  
Ready to dance all night  
If you're ready  
We'll make you dance the night away  
Are you ready

Are you ready  
Are you ready  
Are you ready  
Are you ready  
To dance the night away  
Are you ready
