

Robben Ford, I Don't Play

Better listen to me, hear what I say
You want to hold my hand, baby squeeze it this way
Baby I don't play and I'll be your man one day

Don't you play it so cool, like you still in school
'Cause when you play with me, now I forget the rules
Baby I don't play and I'll be your man one day

Baby you're so young but you sure are bold
I know this can't be love but it sure might go
Hey baby, I don't play and I'll be your man one day

Hate to see you like this, sure are fine
A pretty girl like you, make me change my mind
Hey baby, I don't play and I'll be your man one day

I hate to see you like this, baby you're so fine
A pretty girl like you, make me change my mind
Hey baby, I don't play and I'll be your man one day
Baby, I don't play and I'll be your man one day
Hey!
