Robbie Williams, Let Me

Lie down Please don't wake me Nothing's Sacred And no one saved me

In my Black eye I can feel her Moving Closer Cant you hear her

Only gift you gave to me The self fulfilling prophecy I need to change the sounds that shape my life

And if you die before I leave What on earth Becomes of me Look around There's no one here To love me And hold me

Take me
Dancing
I love music
Keep on
Singing
We wont lose it
Picture
Me there
Missing no one
If young hearts
Run free
Why cant we go on
Go until they kick us out
We've everything to talk about
I could bring the song into your life

If you should die Before I leave What on earth Becomes of me Look around There's no one here To love me And hold me

Maybe I've been away too long I know I'm not always right But is that wrong They say there's nothing I cant do I talk to strangers And wave to you

If you should die Before I leave What on earth Becomes of me Look around There's no one here To love me And hold me

And if you die Before I leave What on earth Becomes of me Look around There's no one here To love me
