

Robbie Williams, Not Of This Earth

Not of this Earth
You've changed places with the sun
I know that you're the one
I love what we've become

Not of this Earth
I wear you like a shroud
I know I make you proud
You done your crying now

She's not of this Earth
And I no longer need to search
If I ever leave this world
You will have a song to sing
So you know what you're worth

Not of this Earth
She came walking down my lane
I've learned to laugh again
Like a muff to a flame

Not of this Earth
Not surprised we're unashamed
She's gonna have to change her name
They will know that we're the same

She's not of this Earth
And I believed we've seen the worst
If I ever leave this world
You will have a song to sing
So you know what you're worth

(Not of this Earth)
Better get used to this smile
(Not of this Earth)
Gonna be around for a while
(Not of this Earth)
Spent too much time being cursed
(Not of this Earth)

Not of this Earth
You've changed places with the sun
I know that you're the one
I love what we've become

Not of this earth
I wear you like a shroud
I know I'll make you proud
(I know I made you proud)
You've done your crying now
(Not of this Earth) (repeat to fade)
