

# Robbie Williams, One Fine Day

I like to reminisce about a time I've never had  
A book that no one read  
A film that never made me sad  
And you remind of a place I've never been  
And something no one said  
When I was 17

One fine day  
In the middle of the night  
You'll wake up in it  
One fine day  
In the middle of the night  
But you probably won't admit it

Remember when we never struggled through  
A bad time we never had  
A love we never fell into  
Please don't remind me to forget  
Cause forgiveness is a place  
I ain't got used to yet

One fine day  
In the middle of the night  
You'll wake up in it  
One fine day  
In the middle of the night  
But you probably won't admit it

All I ever wanted  
Was to radiate your home  
But I guess it doesn't matter

So come reminisce about a time we didn't have  
I hear there's a sequel to that film that never made you sad  
Don't rewrite my history  
Cause you'll never really know  
How much you didn't mean to me

One fine day  
In the middle of the night  
You'll wake up in it  
One fine day  
In the middle of the night  
But you probably won't admit it
