Robbie Williams, Our Love

Just Like We Told Ya Our Love Is Better Then Their Love We Can Make You Famous Why Don't You Come And Join Us

You Don't Need Anyone To Know That You Exist You Don't Want Anyone To Know You Can't Resist

All This Time
All Those Breath
All This Hanging Around
All This Hopes
All This Fears
All This All This

Our Love Is Better Then Their Love We Could Give You More Love Just Not Enough Of This Thing Called Love, Love

Do You Believe Their Love Will Make Everything All Right? Do You Believe Stars Disappear When It Gets Light?

All This Dreams
All This Lies
All That Sleeping Around
More Receptions
Empty Rooms
All This
All This

Our Love Is Better Then Their Love We Can Make You Famous Why Don't You Come And Join Us Why Don't You Come And Join Us Why Don't You Come And Join Us Why Don't You Come And Join Us

Aren't We Cruel Isn't It All So Cruel The Things We Do With Love And The Things We Do Without Love

You Don't Need Anyone To Know That You Exist You Don't Want Anyone To Know You Can't Resist

Just Like We Told Ya
Our Love Is Better Then Their Love
We Can Make You Famous

Why Don't You Come And Join Us Why Don't You Come And Join Us

You Want Love You Got It You Got Love You Want It
