

# Robbie Williams, Run It Wild

Your mother's downtown  
and there's no one at the station  
steal your daddy's money  
and pick a destination  
run it wild /2x  
take the money and  
run it wild

it's another chance for another generation  
when you kicked up you heels  
you picked a vacation  
run it wild /2x  
like we used to  
run it wild

when you were running wild  
when you let love run wild  
when you left your love run wild  
my run it wild /4x  
go out and run it wild

run to  
run to the ocean  
run away as fast as you can from here  
it's not enough  
run to  
run to the ocean  
run away as fast as you can from here  
while you're still young

when you were running wild  
when you let love run wild  
when you left your love run wild  
my run it wild /4x  
go out and run it wild

I'm losing hope in my heart  
that the end is better than the start  
we got hung up on the past  
nothing lasts

you'll got lost  
you will got caught  
they'll tell you everything's your fault  
but you're the only child for a while  
and you got style  
go out and run it wild

Julia /2x  
Are we gonna crumble under your weight  
lord, I hope so!  
/2x

you would run it wild  
when you let love run wild  
when you left your love run wild  
my run it wild /4x  
go out and run it wild

I'm losing hope in my heart  
that the end is better than the start  
we got hung up on the past  
nothing lasts

you'll got lost  
you will got caught  
they'll tell you everything's your fault  
but you're the only child for a while  
and you got style  
go out and run it wild
