That is the way it is because it is that way
It is that way in that it is the way it is
In the way that it is that way that is the way it is
In the way that that is the way that is the way it is that is it is the way
Or, that it is that way is the way it is
The way it is that is the way it is
That it is the way it is is because it is that way
Or that it is the way that it is is the way that it is that
That is the way that it is the way that it is is the way that it's that way

I may not have enough of me but I've had enough of you

That is the way it is because it is that way
It is that way in that it is the way it is
In the way that it is that way that is the way it is
In the way that that is the way that is the way it is that is the way
Or, that it is that way is the way it is
The way it is that is the way it is
