Robert Palmer, Under Suspicion

(D Linde/ A Rush)

Well, I've been mistreated

Been lied to and cheated

Misused and abused

Like something that you throw away

First you fill me with thunder

Then you let me go under

You can run, you can hide

But you ain't gonna get away

Coz you're under suspicion

Of leaving the scene of a broken heart

Under suspicion

Of a hit and run love affair

You ain't got a conscience

And you made me the victim

Of a cruel and unusual crime

Now you're under suspicion

Under suspicion

Under suspicion

Under suspicion of a hit and run love affair

Hey yeah yeah

Whoo etc

No matter where you be going

I got ways of knowing

And somewhere down the line

You're gonna have to pay

Hey

Coz you're under suspicion

Of leaving the scene of a broken heart yeah

Under suspicion

Of a hit and run love affair

You ain't got a conscience

And you made me the victim

Of a cruel and unusual crime

Now you're under suspicion

Under suspicion

Under suspicion

Yeah under suspicion of a hit and run love affair

Yeah yeah yeah

Under suspicion

Under suspicion

Ain't got no where to run Coz you're under suspicion

Under suspicion

Under suspicion

Under suspicion

Of leavin' the scene of a broken heart

Under suspicion

Yeah under suspicion of a hit and run love affair
