

Robert Plant, Walking Towards Paradise

Hearts on fire - burning fast
Love, desire - make sweet love last
This one we'll sing now
Soon you'll finally see all this mystery
Wouldn't it be nice - wouldn't it be nice
[Walking towards paradise]
[Walking towards paradise]

On days like this, nights confirm
You know so much - so much to learn
Soon you'll finally see all this mystery
Wouldn't it be nice - wouldn't it be nice
[Walking towards paradise]
[Walking towards paradise --]

Come with me - now come with me
[Walking towards paradise]
[Walking towards paradise --]
