

Robin Schulz, Memories

I wanna swim with the sharks when I'm with you
Going under every time
I wanna stay for a thrill, take me higher
Going through the red lights

24 hours, let's do it louder
Take a picture for me

Let's make some memories, yeah, bae
We on the beach with some bottles, let's keep it breezing
Let's make some memories, yeah, bae
No one holding us back, we stay in this feeling
Oh, yeah, bae

We're going sky-diving owning no parachute
Underneath the sunshine
You know it's time that we do what we want to
Baby, what else is that live for?

24 hours, let's do it louder
Take a picture for me

Let's make some memories, yeah, bae
Let's make some memories, yeah, bae
No one holding us back, we stay in this feeling
Let's make some memories, yeah, bae
We on the beach with some bottles, let's keep it breezing
Let's make some memories, yeah, bae
No one holding us back, we stay in this feeling
