

# Robin Thicke, I'm Not Loving You

Through the rain girl  
I found Jesus  
I found you and  
I know nothing can take your place girl  
Your red lipstick  
And I'm just afraid  
Cause this is the first time  
That I'm not loving you  
And I'm not loving you  
I got married to the idea  
To the notion  
That you'd always be here with me girl  
Like my shadow  
And I wish I was there  
Just to run my hands through your hair  
And I'm just afraid  
Cuz this is the first time  
That I'm not loving you  
And I'm not loving you  
Girl you know I'm always thinking of you  
Haven't seen the summer since I saw you  
Baby don't worry 'bout us  
I feel your love  
I feel you inside  
And I wish I was there  
Just to run my hands through your hair  
And I'm just afraid  
Cause this is the first time  
That I'm not loving you  
And I'm not loving you  
Girl I'm not loving  
And I'm not loving you  
Girl you know I'm always thinking of you  
Haven't seen the summer since I saw you  
Baby don't worry 'bout us  
I feel your love  
I feel you inside baby  
Girl I'm not loving you  
You...
