

Robin Thicke, Take Me Higher (ft. Pharrel Williams)

All baby
Let's get saved
Well, well, well
I need
I need to be saved

I am coming baby
I hear your tone
I am runningg red lights
I am rushing home
I got it baby
You feel alone
Your body's cold and naked
You need ne to hold

So in love
Girl you're like the morning sun
When i am down you lift me ip
I wanna overdose on your touch

Take me higher baby
Take me to the sky
Yank onthe line
And i get high
But baby, i don;t mind
Like a grape on tthe vine
You tirn me
Turn me into wine
And i ger high
Butl listen, baby , I don't mind

I am coming baby
I hear your tone
I am runningg red lights
I am rushing home
I got it baby
You feel alone
Your body's cold and naked
You need ne to hold
