at the heart of some kind of flower
stuck in glittering stands of saliva

and the waves come in
and they're golden
but down in the deep the honeyt sweeter
and the sun sets on the water
but down in the deep the currend us stronger

no you ☐re not gonna get what you need
but baby i have what you want

suck it up like a treasure
let the brightest place by your passion
let go of you doubt say yas
let it soak up into the flesh

and wawes come in and the're golden
but down in the deep the honeyt sweeter
and the sun sets on the water

no you ☐re not gonna get what you need
but baby i have what you want
