Rockell & Collage, Dream Boy - Dream Girl

I still remember the first time you said that you love me
you held me in your arms
and said you never ever leave me
(never ever leave)
to all these promises you kept
but it raised the past when i was well
you made my fantasies come true
my heart belongs to you
you're my dream boy
you show me you love me in every way
you're faithful to me every day
now i know that dreams come true
you're my dream boy
Collage:
My friends told me
that i was lucky
to have a girl like you
'cause all the girls i ever had
the love was never true
(love was never true)
you have brought me happiness
treasure the day when we first met
(oh yeah)
never ever gonna let you go
because i love you
You're my dream girl
you don't neglect me in anyway
you make me feel special everyday
now i know that dreams come true
Rockell:
You're my dream boy
you get me feel my heart with joy
and i can smile again
cause we found a love that would never end
Collage Rap:
You say that im your dream boy
that i fill your heart with joy
