

Rockstеды, Smile At Me

Funny how I fell for you
And the day you caught my eye
And my life has never been the same
Since the day I saw your smile

As it shine above of everyone
You stand out from the crowd
Somehow I can't find the words to say
You're indescribable

You sweep me off my feet
Everytime you smile at me, at me, at me

You light my way
You always take my breath away
You set me free
When every time you smile at me

There's this feeling that I can't hide
That I couldn't get enough of you
I can't deny, I'm mesmerized
By the beauty of your smile

Cause you knock me off my scene
Every time you smile at me, at me, at me

You light my way
You always take my breath away
You set me free
When every time you smile at me

You light my way
You always take my breath away
You set me free
When every time you smile at me
