

Rod Stewart, Devotion

(ronnie lane)

So good to be with the people that know you.
It's good to hear the things that they say,
Oh at times when you are with them.
So good to note my strength is growing,
From day to day, there's not a thing, nononono.
Not one thing I try to do without ya'

Troubled times of pain that come I take them any old day.
You come and you wash them, you wash them all away,
Wash them all away

And everywhere you sing in everything,
And I try by remembering
All the things that you said to me,
From within all you did for me.
Just one word, just one word, just one word.
