

# Rod Stewart, For The First Time

(Jud Friedman, Allen Rich, James Newton-Howard)

Are those your eyes  
Is that your smile  
I've been looking at you forever  
yet I never saw you before  
Are these your hands holding mine  
Now I wonder how I could have been so blind  
And for the first time I am looking in your eyes  
For the first time I'm seeing who you are  
I can't believe how much I see  
when you're looking back at me  
now I understand what love is, love is  
for the first time

Can this be real  
Can this be true  
Am I the person I was this morning  
and are you the same you  
It's all so strange  
How can it be  
All along this love was right in front of me  
And for the first time I am looking in your eyes  
For the first time I'm seeing who you are  
I can't believe how much I see  
when you're looking back at me  
now I understand what love is, love is  
for the first time

Such a long time ago I had given up  
on finding this emotion ever again  
But you're here with me now  
Yes I found you somehow  
and I've never been so sure  
And for the first time I am looking in your eyes  
For the first time I'm seeing who you are  
Can't believe how much I see  
when you're looking back at me  
Now I understand what love is, love is  
for the first time  
For the first time
