Rod Stewart, My Heart Can't Tell Me No

I dont want you

To come round here no more

I beg you for mercy

You dont know how strong

My weakness is

Or how much it hurts me

Cause when you said it over with him

I want to believe its true

So I let you in knowing tomorrow

Im gonna wake up missing you

Wake up missing you

When the one you loves

In love with someone else

Dont you know its torture

I mean its a living hell

No matter how I try to convince myself

This time I wont lose control

One look in your blue eyes

And suddenly my heart cant tell you no

I dont want you

To call me up no more

Saying you need me

Youre crazy if you think

Just half your love

Could ever please me

Still I want to hold you, touch you

When you look at me that way

Theres only one solution I know

You gotta stay away from me

Stay away from me

When the one you loves

In love with someone else

Dont you know its torture

I mean its a living hell

No matter how I try to convince myself

This time I wont lose control

One look in your sad eyes

And suddenly my heart cant tell you no

My heart cant tell you no

I dont want you

To come round here no more

I beg you for mercy

You dont know how strong

My weakness is

Or how much it hurts me

Cause when you say its over with him

I want to believe its true

So I let you in knowing tomorrow

Im gonna wake up missing you

Wake up missing you

When the one you loves

In love with someone else

Dont you know its torture

I mean its a living hell, a living hell

When the one you loves

In love with someone else

Dont you know its torture

I mean its a living hell, a living hell
