

# Rodney Carrington, Bad Pickup Lines

Don't I know you from the bus  
My mom has that same dress  
Wanna see a trick I learned in prison?  
How much were your breasts?  
Are you drunk or is that just a lazy eye?  
My tool needs a shead  
I'd like to park my corrective shoes  
Underneath your bed  
You think this is impressive now  
This coldsores just getting started  
Mind if I hang out here  
Till its safe back where I farted  
'Scuse me for interuppting  
And I'm not trying to make a pass  
But you must be leaving the country  
If your packing that much ass
