

# Rogue Wave, Fantasies

give me a second if you like  
I am going, light ahead  
I'll get you in the corner if you like it  
I am going to be resigned  
if you are ready anytime  
every day is a fantasy  
are you with me  
I'll get you in the middle if you want it  
I feel like a soldier's file  
she felt bad and reviled  
every day is a fantasy  
are you with me  
places, places  
I'm all out of faces  
every day is a fantasy  
are you with me
