

ROLE MODEL, death wish

who is she
she got this way about her
she's pretty
but watch what you say around her
I heard that she killed a man
didn't feel a thing
she got bloody hands
with some diamond rings
who is she
she's got this way about her

I wonder where she goes at night
wonder if I really wanna roll that dice
ya ya
lose my sleep
wonder why she always got a new ID
ya ya
here she comes
wonder why she never tell me where she's from
wonder why she always wanna make me run
I, I, wonder why, wonder why

I got a death wish
she leave me breathless
she wears a cross round town
and it's upside down
I'm helpless
I got a death wish
I love her reckless
she got two horns on her head
and a tail by her legs
she's precious

she's evil
that's all I know about her
she's lethal
I don't feel safe around her
I heard that she killed a man
out in hollywood
now we're holding hands
pray to god she's good
but she's evil
that's all I know about her

I wonder how she got this way
wonder why she never has a lot to say

tryna save you ima kill myself
I, I, wonder why, wonder why

I got a death wish

she wears a cross round town
and it's upside down

and a tail by her legs
