Rollins Band, Go Day Glo

What do you know? Same as I know How do you feel? Same as I feel Same old talk is going round and round All the smiles are turning into frowns When they say low and I say high When they tell me that I better I know it's all a lie See them lined up Bus stop wind up Same day same time Time to change up Same old talk is dragging round and round Pulls the smiles down into frowns Look in the mirror, see your shining eyes You know right then that you will never die

You'll never die You'll never die Will never die Will never die Ah look out man Like I said Brain like halo I go day glo They say go slow I say hell no Same old talk is going round and round All the smiles are turning into frowns Off to the races On with the show Show me the next place I really wanna go I wanna go I wanna go I wanna go I wanna go
