

Rome, Seasons

These days lovers change like the seasons
Come and go, hot to cold for no reason
I don't want to be stuck here while our summer starts to fade
baby cuz it's bad for me
you know that you're bad for me

let's go
I don't care, I don't mind
because I know another birdie will fly by
So I sit back and I get high
and pour me some Jack to clear my mind

Is it that bad, I don't feel bad?
cuz I found a hotter bitch that makes her own cash
and when she goes and you know
I'll find another chica that will top that

don't blame me when it changes for no reason
don't blame me when we have to start again

These days lovers change like the seasons
Come and go, hot to cold for no reason
I don't want to be stuck here while our summer starts to fade
baby cuz it's bad for me
you know that you're bad for me

I'm drinking and I'm thinking about those times that I don't want to remember
because in my mind it was july but she's so cold,
she's so cold like December
all you are to me is just an x on my calendar baby
all you are to me
another x on my calendar baby

These days lovers change like the seasons
Come and go, hot to cold for no reason
I don't want to be stuck here while our summer starts to fade
baby cuz it's bad for me
you know that you're bad for me

Lovers change like the seasons

These days lovers change like the seasons
Come and go, hot to cold for no reason
I dont want to be stuck here while our summer starts to fade
baby cuz it's bad for me
you know that you're bad for me
Lovers change like the seasons
These days lovers change like the seasons.
