

Room 2012, Boston Station

Oh oh oh oh oh oh - ah ah (3x)
I've been swimming in the sea
I've been thinking 'bout the time
A time we were togeth'
You were always on my mind
You and me (you and me)
(Oh we) just you and me
Something came around and you hating out of time
I never realize you are living on the round
(Are so so deep in my head)
I'm sitting here in my room
I'm standing at the half broken room
(Oh tell me) Can you see it too
Where dyou go
Where dyou go
I wanna get back to where we started
out of the world of the broken harded
If you come back I will be waiting
I wanna get right back to Boston Station
Back to the place where you left me waiting
I wanna know - boy
I need to know - boy
Where did you go - boy
Where did you go
Ive been coming down the day
Just waiting for your come
Been driving through the night
been climbing up the walls
Hey Mr. Post Man
Hey Mr. Post Man
Is there you letter in your box from my baby?
It doesn't really matter
What it is what you saw
Just come and get me back
And we can take it on the run
You and me (you and me)
(Oh we) for you and me
Oh oh oho oho oh oh Boston Station
Oh oh oh where we started - ah ah
