

ROSÉ, LOVE IS GONE

All my life is gon
All my life is gon
now you're dead and gone

I, i know where to lay
I know what to say
It's a'll the same

Now if i keep my eyes closed
He looks just like you
But he'll never stay
They never do

All my life is gon
All my life is gon
now you're dead and gone
now you're dead and gone
All my life is gon
All my life is gon
now you're dead and gone
now you're dead and gone

Kinda sad that you always been kie that
See me making waves and you don't like that
Driving through your puddles goin' splish splash

Would've gave it all for you
Been there for you
So tell me where i went wrong

Would've gave it all for you
Cared for you
My lover, my liar

All my life is gon
All my life is gon
now you're dead and gone
now you're dead and gone
All my life is gon
All my life is gon
now you're dead and gone
now you're dead and gone
