

Roxen, UFO

"Ciao bella"? no.
It ain't workin'
I set my eyes on higher ground
Can't keep this up, disconnecting
Time to turn the engine around

Oh, knock-knock-knock knocking at my door
Just go (Leave me alone)

You need to know
I'm not your baby
I'm a UFO
Not like the other ones you used to know
Just leave me and my crazy dreams alone
I'm not your baby
I'm a UFO

I'm a, I'm a, I'm a UFO
I'm a, I'm a, I'm a UFO
I'm a, I'm a, I'm a UFO
I'm not your baby
I'm a UFO

Adios, amor
You don't like it
I can see it on your face
Shoot for the stars
I'm not sorry
I just wanna have my space

Oh, knock-knock-knock knocking at my door
I can't hear you over the audio
Boom, boom, boom, blowing up my phone
No

You need to know
I'm not your baby
I'm a UFO
Not like the other ones you used to know
Just leave me and my crazy dreams alone
I'm not your baby
I'm a UFO

I'm a, I'm a, I'm a UFO
I'm a, I'm a, I'm a UFO
I'm a, I'm a, I'm a UFO
I'm not your baby
I'm a UFO

I'm a UFO
And I'm gonna fly some more
Danger like you've never known
Not that I can let you go
I'm a UFO
And I'm gonna fly some more
Knock you off your pedestal

You need to know
I'm not your baby
I'm a UFO
Not like the other ones you used to know
Just leave me and my crazy dreams alone
I'm not your baby
I'm a UFO

I'm a, I'm a, I'm a UFO
I'm a, I'm a, I'm a UFO
I'm a, I'm a, I'm a UFO
I'm not your baby
I'm a UFO
