

Roxette, Church Of Your Heart

Can't we leave the world outside
Just for a while? Just for a while?
Spend some time, you and I
Under this bright glorious sky

It's been so long since I first saw you
But I still love that smile in your eyes

Yes it's true, right from the start
I believed in the church of your heart
Yes it's you, that make me part of
And I believe in the church of your heart

Step inside, lay yourself down
Just for a while, rest for a while
I can hear a thundering sound
Beating inside when you're around

It's been so long since I first met you
Since we made love, you know how time flies

Yes it's true, right from the start
I believed in the church of your heart
Yes it's you that make me be part of
And I believe in the church of your heart
In the church of your heart

Yes it's true, right from the start
I believed in the church of your heart
Yes it's you that make me be part of
And I believe in the church of your heart

Pretty baby it's true, right from the start
I believed in the church of your heart
Yes it's you that make me be part of
And I believe in the church of your heart
In the church of your heart
