

Roxette, I Call Your Name

It's a madman's situation, reminiscing in the rain,
and I've lost your love again, I call your name.
And I don't want to think about it when I go to sleep at night,
can you hear it in the wind? I call your name.

I call your name...

And I close the door behind me, I turn the lights all down,
there's no-one there beside me, I call your name.
And I don't want to think about it but I wind up all the same,
nothing'll ever change, I call your name.

I call your name...

Lie awake under the stars, lie awake under the stars.

I call your name...
