

Roxette, I Remember You

Are you ready? Go!

I hear your footsteps like you're walking
I hear your voice like you're talking to me
I can reach every moment
Every caress like I'm living a dream

Down to the bone, go little darling

Oh I remember you
Feels like it was yesterday
I remember you
You've got me running back again

You shared my secrets and my laughter
I fell in love with the light in your eyes
And I believed that summer
Would go on and on for the rest of my life

Down to the bone, go little darling

Hey I remember you
Feels like it was yesterday
I remember you
You've got me running back again
You've got me running

Na na na na
Na na na na

Down to the bone, go little darling

Hey I remember you
Feels like it was yesterday
I remember you
You've got me running back again
You've got me running

I say: Na na na na
Na na na na
