

Roxette, It Just Happens

It Just Happens

It's a cabaret
Taking over
On a quiet lazy
Backseat day

And it's so beautiful
Like the sunshine
On your balcony
Just yesterday

Don't underestimate
Your heart is never late
And love will always find a way

It just happens
And you don't know what's going on
If it's new
Or if it's been there since long
If it's right or wrong
You fall in love
You fall in love

You don't have a say
Just let it slide
And close your eyes
And watch the passion play

Don't underestimate
Your heart can never wait
Love will always find a way

You fall in love
It just happens
You fall in love
It just happens

Don't underestimate
Your heart can never wait
And love will always find a way

It just happens
And you don't know what's going on
If it's new
Or if it's been there since long
If it's right or wrong
You fall in love
It just happens
You fall in love
It just happens
