

# Roxette, It Will Take A Long, Long Time

Sunny called, I was in the hall  
And made a note I have to paint the kitchen walls  
An angel smiled across the room  
All in all, it was a lazy afternoon

Then I thought about you  
I think it was some sweet song that I heard

Got to get goin' goin' ahead  
It will take a long, long time  
Got to go ahead and deal with my life  
It has taken such a long time this time

Sunny called, I was in the bath  
And heard the rain hit the roof and tiles real hard (hit the roof real hard/hit the roof)  
Then I ran through my magazines  
A few letters poorly hidden in a jar (hidden in a jar/oh what a jar!)

And I thought about you  
It must have been some old pictures I found

Got to get goin' goin' ahead  
It will take a long, long time, yea yea  
Got to go ahead and deal with my life  
It has taken such a long time this time
