

# Roxette, Shadow Of A Doubt

I heard your heart,  
you held it close to me.  
The wild embrace, the silent sea,  
a whisper of imagery for Lovers Supreme.

But now  
I'm lost in the crowd,  
no shadow of a doubt  
it's all over now,  
no shadow of a doubt.

You changed the dream.  
You changed the scenery,  
the tender touch,  
the urge to breathe,  
there under a lovelit sun  
what's lost could be found.

But now,  
no trace of a sound,  
no shadow of a doubt.  
I'm faraway bound.  
No shadow of a doubt.
